Annexure-II

Conditions on Administrative Approval and Expenditure Sanction for the project on "Sewerage Works in Sewerage District 1 of Kanpur (Uttar Pradesh)"

1. General & Technical Conditions:
   i. 'Uttar Pradesh Rajya Ganga Nadi Sanrakshan Abhikaran', the State Programme Management Group (SPMG), which is a registered society, shall be responsible for overall planning, management and effective implementation of the project at state level.
   ii. 'Kanpur Nagar Nigam' shall be the Urban Local body (ULB) responsible for ensuring commitment to ownership, commitment to reforms for sustainable O & M, and community involvement.
   iii. The Uttar Pradesh Jal Nigam (UPJN) shall be the executing Agency (EA) of the project to be implemented under the guidance of the SPMG, in coordination and consultation with the ULB and overall monitoring of the National Mission for Clean Ganga (NMCG) as per provisions laid down in the NGRBA programme framework.
   iv. The project at Kanpur District 1 needs to be suitably aligned with the 'Strategic Sanitation Plan' / 'City Sanitation Plan' / 'Master Plan' for Kanpur if any. Synergy shall be ensured with other Central / State sponsored programme like JnNURM, UIDSSMT etc. in the project area to avoid any overlap /duplication.
   v. Operation and Maintenance (O & M) of the project in DBO mode for a period of 10 years will be responsibility of the State Government/Urban Local Body. The O & M shall include basic cleaning, service management for the proposed project area. Sustainable revenue generation from beneficiaries shall be encouraged.
   vi. The State Government shall bear 100 percent O&M cost from 6th year onwards from its own resource. The bid document on DBO basis should be prepared for the entire project and 10 years O & M period.
   vii. The project is to be implemented within 45 months including 9 months period for bidding.
   viii. The activities proposed under the project shall conform to all Environmental Legislations and the NGRBA programme framework.
   ix. Last mile connection i.e. connectivity of the houses to the manhole, is the responsibility of the individual households but invariably it is found that they do not undertake this work willingly due to cost involved unless forced to do so. This activity would need to be made mandatory even if it involves some changes in the existing legal framework. Certain States have implemented the last mile connectivity with the threat of disconnection of water connection etc. Last mile connection is important otherwise the expenditure on sewerage network becomes infructuous. The action plan submitted to ensure 100% house connection by SPMG-UP will be implemented and suggestions of technical experts of NMCG & World Bank shall be adhered to.
   x. No untreated municipal wastewater should be allowed to fall in the Ganga river stretch adjoining sewerage District-1, Kanpur UP, after project commissioning.
Detailed design & implementation of the sewerage system, pumping stations, and lift stations should be based on extensive survey. Proper investigation should be carried out before execution to achieve economy in the proposal as well as to avoid any shortfall in the design. Choice of technology should be left open and decided during the bidding process.

Standard procedure as indicated in the CPHEEO manual on Sewerage & Sewage Treatment and codes of practice of BIS will be strictly followed during project implementation.

For sewerage projects as per the commitment, State needs to ensure that all the households are connected to the sewer system.

Progress of implementation of the project shall be closely monitored by the State Government of UP/SPMG, so as to ensure that the project is completed within the stipulated period of time. In addition the progress (physical & Financial, including funds utilization certificates) needs to be reported to NMCG on regular basis and as and when requested.

The "NOC" to transfer the land to EA for the purpose of STP development need to be issued before bidding and the land need to be transferred to EA before award of work.

All components of the project shall be completed within specified time limits and the resources and outputs and outcomes are to be ensured as envisaged in the approved project Completion Report shall be submitted to NMCG on completion of the project.

Any cost overrun or time over run will be the responsibility of the State Government / ULB. The central assistance will be restricted to the approved estimated cost or the actual whichever is lower.

The recycling of treated effluent from the Jajmau STP to be ensured and continued.

Bedding of sewer line need to be taken proper care considering the soil strata of the area as per CPHEEO norms; and Environment and Social Safeguard Reports need to be finalized considering the ESMF framework of NGRBA before bidding. Further suggestions on technical matters of World Bank, if any, would be taken into consideration before finalizing bid documents.

SPMG need to take steps to prepare bid documents in line with the standard bid documents (SEBs) and in consultation with World Bank & NMCG.

The compliance of observations of the NMCG, World Bank and TPA would be ensured by SPMG at the time of finalization of Bid Document.

The Environmental and Social Safeguard report need to be finalized considering the ESMF framework of NGRBA before bidding.

O & M cost estimations have been made in the project but projections for revenue generation have not been detailed in the DPR. Fund release for O & M may be made after taking the same into account.

Revised DPRs, must include the items stated to be left out, in comments of TPA esp. those which are integral to the project (from NGRBA framework perspective), and be finalized before bidding.

The design of the sewers & no. of house connecting chambers will need to be reviewed before actual executing of works.

Efforts should be made to plan for solar photovoltaic energy generation to reduce the load on grid/DG power.

Suitable sewage cess / tariff / tax and sewer connection fee may be imposed on the beneficiaries to recover the O&M at the least to start with. However the full project cost recovery at the earliest should be aimed at. The State is advised to consider charging people on a monthly
basis for the sewerage system to recover at least O & M cost as the charges per household would be quite low.

xxviii. To strengthen the billing and collection system of ULB to improve the revenue collection efficiency.

xxix. To impart training to all personnel engaged on construction and O & M for quality construction and O&M of works.

xxx. The additional supplementary proposals indicated by TPA may be reviewed & considered by the State government separately at its own cost.

xxxi. Regular monitoring of the project implementation in accordance with the NGRBA framework.

xxxii. Guidelines issued by Ministry of Finance and other governing organizations regarding disaster management as applicable be adhered to during project execution.

xxxiii. The SPMG shall ensure appointment of agency for third party inspection (TPI)/evaluation of the project.

xxxiv. World Bank bidding procedure to be followed and prior concurrence of the Bank needs to be obtained for the draft pre-bid documents.

xxxv. Any additional component relevant for project or any component requiring modification or deletion, may be added or modified or deleted as the case may be, only with the prior approval of the competent Authority.

xxxvi. Staffs that may be employed for preparation, execution or operation of the project by the EA are not to be treated as employees of the SPMG/NMCG. The deployment of such staff at the time of completion or termination of the project will not be the concern or liability of the SPMG/NMCG.

xxxvii. Optimal utilization of the assets relating to the project and created under Ganga Action Plan or any other Central/State Plan shall also be ensured by the SPMG/EA/ULB.

xxxviii. All data, records, documents and material related to the project shall be stored properly and catalogued by the SPMG/EA for reference and reference and retrieval including regular uploading/disclosure/updating of such data on website.

xxxix. The State/SPMG/EA shall ensure that all provisions of the RTI Act 2005 are adhered to as far as information pertaining to the project is concerned.

xl. The State/SPMG/ULB shall ensure that public is informed in Kanpur district 1 regarding implementation of the project and soliciting their cooperation and views as applicable.

xli. For the provisions made under IEC activities, the SPMG shall make suitable arrangements with Kanpur Nagar Nigam for executing the ‘Communication and Public Outreach’ programmed under its supervision towards sensitization of people for abatement of pollution and

xlii. Conditions/commitment indicated in the Empowered Steering Committee (ESC) Memo., Minutes and other documents including those to be fulfilled before finalizing the bid document(s) shall be strictly adhered to in the project implementation and management. The SPMG will ensure fulfillment of such conditions before finalizing the bids(s) by
the EA. Copies of ESC Memo. Minutes and other related documents are already circulated.

2. The release of funds is subject to the following terms and conditions:

2.1 Annual Plan and Procurement Plan:
   i. The Annual Plan and yearly Procurement Plan shall be prepared by the month of November every year for the next financial year as per the provisions made in the NGRBA programme framework and submitted by the SPMG to the NMCG for necessary approval and budget allocations.
   ii. The SPMG shall furnish to the NMCG annually a report of its work within three months from the closing of the respective financial years.

2.2 Financial Aspects:
